

Shalom Dear Donors and Friends of the Olim Fund of the Land of Israel,

Once again your generous support and loving outreach to our most hurting immigrants who are struggling to survive here in the Land have made it possible for our Board of Directors to bless the specific pressing needs of twelve such recipient families and/or individuals. What a joy it was to prayerfully allocate these funds at our meeting last evening and how very grateful we are for your selfless generosity during these times of severe financial hardship. We know that you have carefully considered how to distribute your precious available funds and we are ever thankful and mindful of our responsibilities for ensuring that they are used for the very best possible purposes.

The attached report summarizes each of these distributions. You can be sure that each of the recipients are deeply grateful as they receive your outreached helping hand.

With many blessings and love in Yeshua,  
 Bob Fischer
