

## Olim Fund of the Land of Israel

### Monthly distributions for May-June, 2007

<b>Family Size</b>	<b>Location</b>	<b>Monthly Income</b>	<b>Overview of Situation Funded</b>	<b>Gift</b>
3	Karmiel	\$647	This single mother with two young children did not receive support from the government for four months and is consequently faced with termination of utilities and/or eviction. This gift is to pay for current rent and utility expenses as the administrative problems with government support are being corrected.	\$488
3	Akko	\$1425	The mother in this family is under intense treatment for severe depression and shell shock caused by a very near miss of a rocket during the war last summer. They must pay for a large portion of her expensive care which is draining their resources. Because of her condition she lost her job with a resulting major impact on the family budget. This gift is for two months rent which must be paid now or suffer eviction.	\$744
4	Kiriat Haim	\$1495	This family recently rented the apartment they were buying to others because they could not afford to live there. However, the rent they are receiving is insufficient to cover their mortgage payment. They cannot sell the apartment without suffering major penalties. The mother is pregnant and had to give up her job. Consequently, even though they are now living in a much less expensive apartment they have fallen far behind in rent and utility payments. This gift will cover their most urgent obligations.	\$689

7	Beer Sheva	\$629	The head of this large family suffered compound fractures of both his legs 18 months ago in an industrial accident. His recovery has been very slow and he is still unable to work. Consequently, the small income from the government has led them into serious financial trouble and they are threatened with eviction and termination of their utilities. This gift will cover their most immediate rent and utility payments.	\$1235
3	Kiriat Bialik	\$867	The head of this young family recently lost his job and decided to take a course in electronics to make him more employable. The family is now struggling to survive on the wife's income, a large part of which is needed for his educational expenses. This gift will cover rent and utility payments during the period of his retraining.	\$974
4	Naharia	\$546	The head of the family has undergone multiple surgeries for cancer and is still under treatment. Their eight year old daughter is severely handicapped. The family is struggling to survive on their small income derived from government support and charitable donations. This gift will be applied towards three months rent that is demanded upfront at the time of their contract renewal.	\$808
1	Haifa	nil	This 33 year old woman has been living on the street since she was recently abandoned by her husband who fled the country with all the family's money and documents. Consequently, her children have been taken from her by the government and she had no recourse but to live on the street since she has become administratively unemployable. She is severely vision impaired. This gift is to provide her with glasses,	\$356
2	Tiberias	nil	This middle aged couple recently moved to Tiberias from Jerusalem and are desparately seeking employment. The government gave them a loan to buy an apartment but they their refrigerator is no longer reparable and needs to be replaced	\$713
3	Kiriat Bialik	\$509	The head of the family is recovering from surgery and will return to work in a month after four months of unemployment. This gift is to provide for minimal family survival expenses during the gap between the cessation of his unemployment benefits and his next pay check.	\$499

1	Kiriati Ata	\$686	This young widow is suffering from severe, debilitating varicosities in both legs and is only able to walk with great pain. She is thus unable to work. She urgently needs a long series of expensive injections not provided by her minimum health insurance and is unable to afford this care on her very limited income. This gift will provide for most of this treatment.	\$1663
			Total monthly distributions	\$8,169
